Drop-Shipping Overview:

If you want to offer our products but don't want to keep stock yourself, we provide drop-shipping for most items on our site. You don't have to worry about keeping inventory or fulfilling and shipping orders - we do it all for you!

We can create a customized product feed for you which can be used to list our products on your website automatically. When you receive an order, you can send it to us and we ship the item to your customer.

The standard discount for drop-ship merchants is **25% off** our retail prices, and you are free to price your items however you want, as long as it is above ours.

Example:

We sell Shirt A on our site for \$18. You sell it on yours for \$19. Your discounted rate is \$13.50 (25% off \$18) which gives you a profit of \$5.50!

Or you can choose to list it at, say, \$25 - which means you would make \$11.50. It is your choice!

Drop-Ship Service Details:

- **Pricing:** You are required to price all items on your site higher than our retail prices. You may not match our prices or offer them at a discount.

Automatic pricing adjustment can be incorporated into your feed.

- **Product Feed:** There is a \$75 programming fee if you require us to create a product feed for you. We will need to know the format you require, and what fields you need in the feed to populate your site. We can also include/exclude whatever products you desire.

Please note that items that we do not stock in our warehouse are not available for drop-shipping. Most of these items are marked with "FREE SHIPPING", but may include other select items.

- **Payment:** You will be invoiced at the end of each month for all shipped orders. Payment can be arranged by check or credit card. If you are to pay by check, we still require valid credit card information and a signed authorization form. Your credit card may be charged should your check payment not be received by the due date.
- **Shipping Charges:** Shipping charges are based on the number of items ordered. Costs are subject to change at any time. Heavier items such as pint glass sets will be charged a higher rate, while lightweight items such as key chains may be lower.

| ITEMS | USPS Standard | USPS Priority Mail | International Airmail |
|-------|---------------|--------------------|-----------------------|
| 1 | \$5.99 | \$8.99 | \$11.99 |
| 2 | \$6.99 | \$10.99 | \$16.99 |
| 3 | \$8.99 | \$12.99 | \$19.99 |
| 4 | \$10.99 | \$14.99 | \$23.99 |

Shipping rates for more than 4 items increase in a similar manner.

- **Order Submission:** When you start selling our products, you will need to submit your orders via email. Your order email can be simple text or with PDF attachments, but must include the following information:

Customer Shipping Name & Address

Item Name

Item Number/SKU (must match ours)

Size

Shipping Method (if not specified, USPS Standard will be used)

If your volume increases and it warrants automation, we will discuss setting up FTP uploads and automatic order submission.

- **Other Fees:** Any additional fees, such as one-time programming fees or per-order drop-ship fees, may or may not be required and will be discussed on a case-by-case basis depending on your needs.
